**Marija Gebrauskaitė**  
Vilnius, Lithuania

Music is my life – an essential part of who I am. It unites people around the world and has been a part of my everyday life since I was four years old. Classical singing requires discipline, patience, and continuous work with oneself. I participate in concerts, competitions, and festivals – each performance brings valuable experience and even more joy. For me, the most important thing is to convey emotion through music and share a part of myself with the listener. Singing has taught me courage, confidence, and how to connect with an audience. I cannot imagine my daily life without music – it inspires me to grow, take on challenges, and strive for professionalism. I attend the Vilnius Balys Dvarionas Ten-Year Music School, where I study classical solo singing. My teacher is Laima Domikaitė.
